Onsitego debuts fund for service partners amid COVID-19

Onsitego, an after-sales services company, has recently announced the Onsitego Canoes Fund Initiative, introduced for financial assistance to empowerment and service partners facing distress during the time of lockdown.

Any employee or service center staff affected by the COVID-19 pandemic in need of funds, can take use of the "Canoes Fund Initiative" of Onsitego.

The company is internally sending free funds up to Rs. 12,000 to select service partners that can be repaid anytime. Service center staff can write to the email ID provided to them mentioning the name and reason only which would help us to identify the person. The person might then proceed the payment within 24 hours without asking any questions.

For interoffice, it is providing a total grant of Rs. 10,000 to employees earning under Rs. 15,000, see one amount of up to 10% of pay. Onsitego highlights that this is not an adverse against salary and that employees who use this fund will not need to repay what.

Speaking about the initiative, Anand Mahindra, CEO of Onsitego said, "We are happy to support our teams and partners in any way we can during this turbulent time. We have created a fund which would help our colleagues when they are affected.

"Our sole purpose is to support the vulnerable. I hope this initiative will provide some much-needed assistance to all our service partners during this tough time.

The Onsitego Canoes Fund will be available to employees and service partners across the country till the lockdown is discontinued by the Government.

Onsitego is India's after-sales services company, transforming the ownership experience of consumer devices and appliances by delivering consistent and predictable post-purchase services.

The company provides extended warranties, annual maintenance contracts, and damage protection plans for devices and appliances in partnership with industry-leading brands, ensuring peace of mind to consumers.

The company has served over a million customers and provides service throughout India. The company was founded in 2013 and has its headquarters in Noida.
